

# COVID-19 TEST CENTERS AT FRANKFURT AIRPORT

## FOR LH FLIGHTS BOUND FOR CHINA MAINLAND Version 2.2

Lufthansa in cooperation with Fraport and Centogene offers three test centers at Frankfurt Airport:

- two test centers offer a PCR test and an IgM antibody test which are mandatory for flights bound for China Mainland and allows a transit without an overnight stay,
- one test center is located in the international transit area (Concourse Z) to guarantee smooth travel – no Schengen visa needed.
- Passengers originating from “**areas of variant of concern**” (defined by [Robert Koch Institute](#) - currently and amongst others BR, BW, MZ, ZA, ZM, ZW) **are not allowed to transfer** in FRA bound for China Mainland.

- Test facilities in the transit area booked via links above are currently only available for Lufthansa transit passengers who hold 1 ticket with a through fare for the whole journey, including a Lufthansa operated flight (LH720, LH728, LH780) bound for China Mainland. Test center in the transit area is not available for a code share or a CA, CZ, DE, MU operating flight.
- Transit passengers who hold 2 separate tickets or arriving from a Schengen country are required to obtain the Covid-19 tests outside the terminal building (Schengen area) at Medical Center and Centogene Sqaire. (Eligible to enter Germany).
- In case of a cross-border feeder flight, passengers need to present a Green HS (Chinese Citizens) or a Green HDC code (Non-Chinese Citizens) of the origin country to obtain the Covid-19 test at the transit facility in the transit area at Frankfurt Airport.
- In case of a domestic feeder flight, the passenger can obtain the Covid-19 test in the origin city or at the Covid-19 test center at Frankfurt airport outside the terminal building (Schengen area) at Medical Center and Centogene Sqaire.
- As regulations are changing rapidly, please check with the Chinese authorities for the latest [Covid-19 Test Requirements](#) and visit [Lufthansa Travel Regulations](#) for updates.

## AT FRANKFURT AIRPORT

- Immediately upon arrival, go directly to the Covid-19 test center to take the two tests:
  - **Domestic and Schengen passenger** goes to
    - ① Medical Center (IgM antibody test)
    - ② Centogene Squaire (PCR test)
  - **Non-Schengen passenger** goes to
    - ③ Transit Area Non-Schengen (PCR and IgM antibody test)
- The test center in the transit area accepts the PCR test and IgM antibody test pre-bookings and will conduct both tests in the same session.
- In case of transit, show your HS/HDC code and negative Covid-19 test certificates of your origin country at the reception desk of the test center.
- Test certificates are normally available within 6 hours after sampling and can be obtained online by email for each test result individually.
- Upload the Covid-19 test certificates immediately upon receipt for verification by the Chinese Embassy in Germany. Once the Chinese Embassy has approved the application, your HS Code (Chinese Citizens) or HDC Code (Non-Chinese Citizens) will turn green.
- Arrive at the boarding gate on time and present Green HS code or Green HDC code together with the [Red Customs Exit/Entry Health Code](#) to board the aircraft.

Please note:

- Lufthansa highly recommends that passengers hold an insurance which covers quarantine and health care costs in Germany.
- In case your test result is positive, the passenger is not allowed to board any aircraft. Please contact the Lufthansa ground staff for further instructions. You are required to stay in quarantine in a designated hotel in Frankfurt and are responsible for any further expenses.
- Passenger may send back after quarantine to their originating in case an onward travel to China Mainland is not permitted by the Chinese Authorities
